

# Wonderfully Made FOUNDATION

## Domestic Violence Awareness

One out of every four women worldwide will be physically, verbally, or otherwise abused during her lifetime.

Domestic violence should not happen to anybody ever, **PERIOD!** But it does - and when it does, there is support!

Wonderfully Made Foundation works to foster a community that seeks to inform and empower victims with the resources and tools to walk their journey to wholeness with the affirmation that they are **FEARFULLY** and

*Wonderfully Made.*

This community, empowered with resources, knowledge, courage and compassion, will aid victims by providing a lifeline of hope and tools of support. Mrs. Lisa Miller-Baldwin, WMF Founder who too WAS a victim of domestic violence, soared into her purpose after realizing her value and worth! The Wonderfully Made Foundation's heart is that each woman will accept that TRUTH. This is accomplished through:
